

## GO PEACEFULLY

Go peacefully amid the noise and the haste, and remember what peace there may be in silence.

As far as possible, without surrendering what you believe in,  
Be on good terms with all people.

Keep interested in your own career, however humble, it is a real possession in the changing fortunes of time.

And be careful not to taken in, For the world is full of trickery

But let this not blind you to what goo there is; many persons strive for high ideals,  
And everywhere life is full of heroism. .. (From the *Desiderata*)
